WILLIAM BURNETT WRITES TO HIS BROTHER IN NEW YORK, 1835

This letter was purchased by collector Ernie Griffin of Ypsilanti. A biography of the Hon. William Burnett is found in Chapman, *History of Washtenaw County*, 1881, page 691. William was born in Phelps, Ontario County, New York in 1806 Although first in Ypsilanti, he soon bought land in Section four of Augusta Township.

Mr. Benjamin Heartwell,
Phelps Oak Corner, P.O.
Ontario Co., New York.

Ypsilanti Washtenaw Co, M.T. 7th day 12th Month 1835

Respected Brother & Family,

After begging thy pardon for neglectting (sic) thee so long I agreeable to promise attempt to address a few line to thee and thine - the kind Sympathy that thee manifested at our parting had made an impression in my breast that never to be effaced and I sincerely hope I may profit by thy kind advice. I will now give thee a description of what has past since we last met.

We had a very good journey indeed considering the wet weather. Our little fellows stood their journey beyond description. It was some time after arriving here before we got settled on account of our goods not arriving, but we finally got pretty comfortably settled. We bought enough of everything with our place for our little family until we can raise some more - with the exception of bread. That we have to buy, we have abundance of all kinds of vegetables. We shall kill one Swine a verry (sic) good one Pork is verry (sic) dear here. It is worth $800 pr khd. And cannot much be had for that) rather dear living for those who have to buy) Corn is worth about six shillings. I was very fortunate I bought 20 bush. for 4 shillings. That will be as much as well shall need. Wheat is worth g. (?) shilling. Oats 3. I saw Mr. Eddy and lodged with him and we spent the most of the night conversing about our old town and the folks there. He is a doing well here if he tells me the truth and I believe he did and enjoys himself perfectly well. He says that if thee was aware how much more thee could enjoy thy profession here than in York thee would not hesitate one moment in coming to this western world and I do verrily (sic) believe that professors of religion realise more real enjoyment in one year than they do in an old settled place in two.

This country where I live is as thickly settled as our old town but the improvements are nothing in comparison with the improvements there. The reasons why professors enjoys themselves so much more here than there is that they have not got all kinds of vice to contend with and they are all perfectly united. I can cheerfully say that it were not be deprived of the society of our friends in the East we never realized one quarter of the enjoyment that we now do in our little but humble abode. O if you could but just call in some evening and see our roaring fire and us a sitting about with a great tin cup in our paws as big as our head. You would then believe we all took sollid (sic) comfort.

Our children has altered verry(sic) much. Henry walks about singing and I think he is the happiest Child. I even saw Francis has improved beyond description. She is as fat as a pig an talks every thing. We allow ourselves but six hours rest each night. We are determined if prospered to have enough in a few years to make us comfortable. My real estate cost me $750.00. I can take a most anyday $1200 but ask $1500. Don't want to sell. Tell Deacon that there is 4 half vacant lots about mine. Our steam saw mill must go up in the Spring. Sawing is worth 3 S per. Hundred for soft wood and 4 for Land timber.

We were very much pleased to hear that you were all well by Apameas letter excepting Hoena. If she gets well by Spring they had beter come out here. It is a fine place for his trade – tell Domino Cralb thar he shall here from me ere long. We have no ministers to preach for us now and should like to have our logg(sic) Meeting house graced with his honour verry (sic) much. I wrote to mother a few days previous to receiving theirs – we are all in perfect health – we want to hear from you on receipt of this – for want of room I must close. Tell mother I want to see her very much and all the rest of thee. So farewell Esteemed friends for this time. Remember us all to thy family and to our friend B Heartwell.
Farwell (sic) Wm. Burnett

Respected Nephews and neice, (sic)
I cannot close without something for thy father and mother. I have (missing) something to them .I would not entice thee to leave them and come here but if I could hold out an inducement strong enough to make thee think it was for thy interests to come. That might have a great tendency to bring they father & Mother into the promised Land. There is an acadama (sic) at the hill with two rooms and one for the Gentlemen's school. Hammond occupies that one at present. The other is occupied by a lady. How long she will stay I do not know. Hammond leaves in the Spring & if she quits then if thee will come I will try to secure the Births (sic) for thee. I wish Oscar was here to teach our school this winter. You must be shure (sic) and come in the Spring. At all events thee will be much pleased with the Country. Let us hear from thee. Our Children talk of thee all every day. Farwell (sic) dear Nephew and Neice. (sic) Bub wants to see Cathann very much.
Wm. Burnett In the West.
